### **"Bes-Tech: Innovative HVAC Technology Solutions"**

Bes-Tech has been a leader in energy-efficient building systems technologies since its creation in 2003. The company was founded on proven scientific engineering processes and technologies that reduce peak energy demand, minimize energy usage, and maximize energy efficiency. Bes-Tech's patented technologies produce an average savings of 30 to 60% with a 2-3 year return on investment. Join us to learn more about Bes-Tech's innovative technology solutions.

**Presenter:**

Bruce Geary — Vice President of Sales and Marketing, [Bes-Tech, Inc.](#)

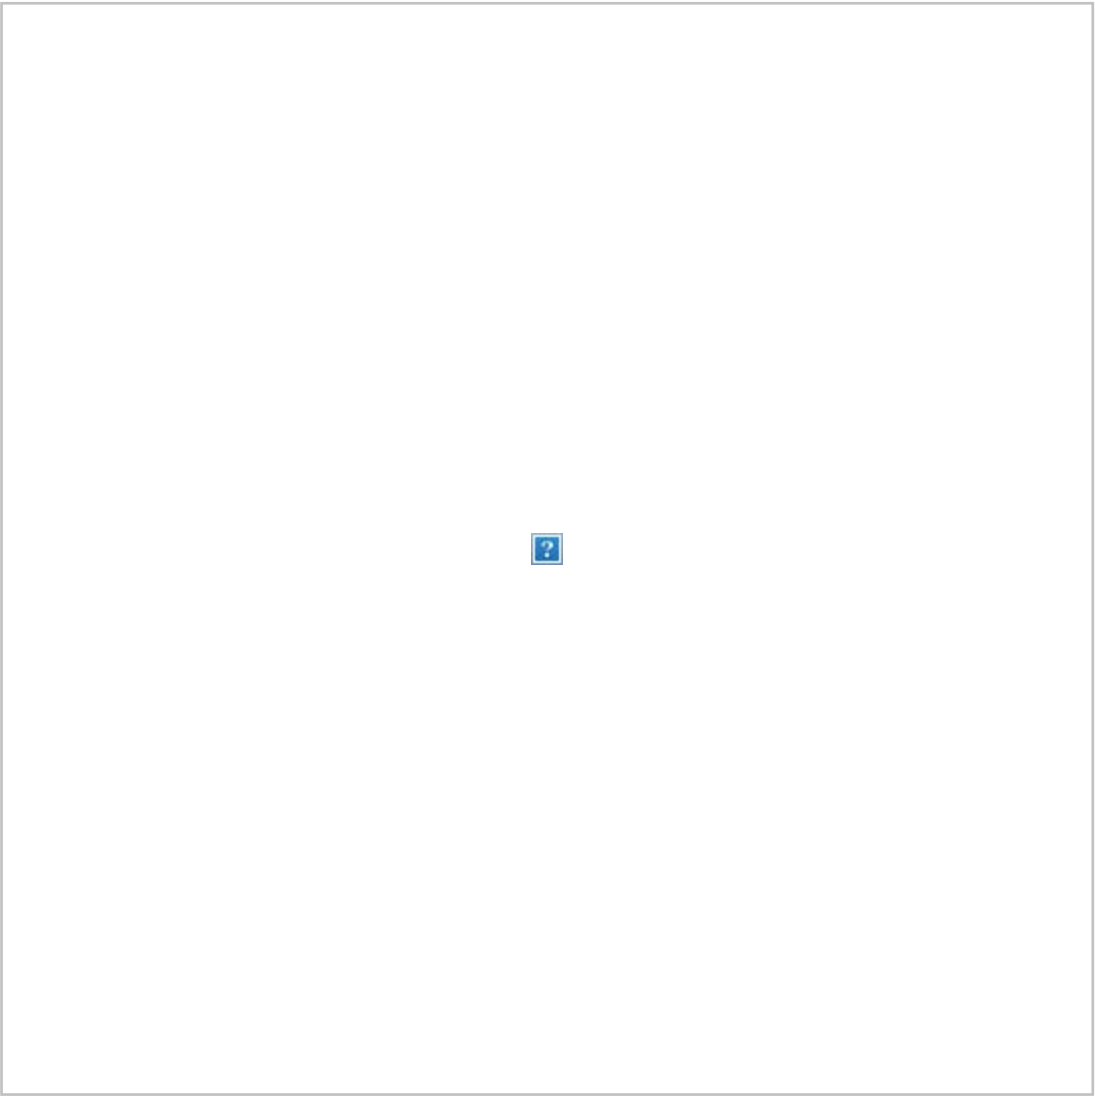

**Moderator:**

David Hodgins — Executive Director, [Los Angeles Better Buildings Challenge](#)

The LABBC Technology Webinar Series is a monthly presentation intended to connect LABBC Partners with best-in-class technology providers. Each technology company selected to participate in the Technology Webinar Series has been vetted through an intensive RFQ process and has agreed to offer LABBC Partners exclusive manufacturer's rebates on their energy- or water-efficiency product.

Best,  
The LABBC Team
